

# Combined Driver Chester Weber Featured On “2010 Radio Show” For Upcoming World Equestrian Games

Ocala, FL – Combined Driver Chester Weber, who earned a silver medal in the Four-In-Hand World Driving Championships in The Netherlands and has represented the United States twice at the World Equestrian Games, has his sights set on competing in the 2010 FEI World Equestrian Games at the Kentucky Horse Park in Lexington, Kentucky. Weber, a six-time United States National Champion in Four-In-Hand Combined Driving, shared his World Equestrian Games experiences on an upcoming segment of the “2010 Radio Show.”

The “2010 Radio Show,” part of the Horse Radio Network, is a weekly radio show that brings listeners news and interviews about the 2010 World Equestrian Games (WEG.) Weber took part in a segment of the show entitled “Chatting with the Champions,” and talked about his past WEG experiences as well as the upcoming Games.

At the 2002 FEI World Equestrian Games in Jerez de la Frontera, Spain, Weber helped the U.S. Driving Team earn a Silver Medal and he also placed fifth individually. Weber was also selected to represent the United States at the 2006 FEI World Equestrian Games where his team took eighth place.

Weber, who is working hard to qualify for the 2010 WEG, talked about the excitement of having the World Equestrian Games in Kentucky. Weber said, “Representing the United States is always an achievement and it is exciting to share my past experiences and talk about Four-In-Hand Combined Driving.”

Weber has made a name for himself in Combined Driving, including being the only American to ever win an individual medal at the World Championships. In addition, his 2008 European campaign brought another achievement – winning the 50th Anniversary of the German Fahrderby (Driving Derby) held in Riesenbeck.

Weber isn’t the only one on Team Weber to earn recognition -- his Combined Driving horse Jamaica won the 2008 Farnam Platform/USEF Horse of the Year title. While Weber’s horse Jamaica made headlines with his rags-to-riches story of being rescued from a slaughterhouse and sold to a tourist carriage business, it is easy to see that Weber is the man behind the horse. Weber not only competes at the top of the driving world, but he is an avid promoter of the sport, an educator, a selfless volunteer and a valued colleague. In addition to his outstanding competition accomplishments, Weber is active on several USEF committees and is a prime mover in the organization of three combined driving events, including the top rated CAI-A Live Oak International.
